“ *My condolences to the families of Mr Arthur Lee Jones. My high school classmate. Our class of 1961 had several mini reunions and Arthur Lee invited us to use his home. The last time we were there, he brought out a picture book of his dad and showed me the heroic things his dad had done. We discussed many things that occurred during our school days. Arthur Lee was quiet but very knowledgeable. He will surely be missed. Prayers of faith go out to his family.*

“ *My condolences to the Jones families. Arthur Lee was my classmate at the J.W. Darden High School. We have a small group of classmates who met quarterly at different places. Arthur allowed us to meet in his beautiful home several times. The most memorable time was the time he showed me a photo album with his father in it and all the accolades his father received as a service man of the Armed Forces. We will miss his presence and commitment to his classmates. I mourn with his family as one of his brothers and a cousin were also my classmates.*
