“ *I'm so sorry to find this page only now, but I hope my delay is OK by the time scale of eternity. I didn't want to miss this opportunity to recount a couple of my many memories of my friend, Francine. I first met Francine as my new 3rd-grade schoolmate at Cary Woods in Auburn, AL. She was the smartest, quickest, most responsible person of my age that I knew, in every way a leadership model. Friends through our many school years, I lost touch after we moved on. I'm happy to be in touch with Francine's friends and family here, and will be in memory and Spirit with Francine for eternity, God willing.*

“ *I was a high school classmate of Francine's and I wanted to send my condolences for your loss. Francine was one of my classmates that is easy to remember. She always had that sweet smile and a great disposition. It doesn't surprise me one bit that she chose teaching as her profession. I have no doubt she was a good one. My thoughts and prayers are with you. Shirley Christenberry*
