“ We're sending condolences and praying for the families. This is a BIG one and a HARD pill to swallow and my heart is aching, but I KNOW that you're in a better place where there's NO more sickness and pain. I'm GLAD that I were able to see you a few hours before you taken your last breath as well as rub your head and forehead and I could feel it that you heard me talking and you felt my presence. We've HAD some GOOD ones and I'm going to MISS watching the BAMA games with you. Rest Easy ( as you would say," ah,ah,ah, you know like,") MY FRIEND. RIP ( like she called you," wooooooo that's Maethaniel,") and we'll be wallowing laughing.😭😭. Rest In Peace Na. Roll Tide 🕊️🕊️🐘🐘

“ *Nathaniel has been a part of our family for as long as I can remember! He and daddy worked together many years ago putting up billboards; I could list a thousand memories...but one that stands out is us traveling home for different things, he would check our cars to make sure they were ready for the road. Mom was in the hospital and daddy was there with her. I was getting ready to travel back to Atlanta, I had my car hood up checking fluids as they had taught me, he walked over and said "do you know what you're doing?" He was such an amazing person with a heart of gold. I love you Nathaniel and "Thank you" for always being there for our family in a million ways and the community!!*
