“ My mom, Eleanor Harris, was a teacher at Auburn High School and Susie was one of the students she fondly remembered after they left high school. I remember Mom mentioned that she saw Susie several times over the years and always had good things to say about their meetings. Prayers for all of Susie's family. May the good memories help carry you through the bad days.

“ Susie was more than a friend she was a sister and a daughter to our family. She may not have been related to us biologically but in spirit and love she was! She always called my mom or as she called her “her other mom” every day just to see how she was doing even while she was in the hospital! Susie never complained about how bad she felt she was always positive and never said anything negative about no one! She was positive on life up until the end. She always put everyone first except her! She had the biggest and most loving heart more than anyone I ever knew!

God now has accused beautiful angel in Heaven with Him. Susie you may not be here physically but in our hearts you will live forever!

Love you so much my sister Susie!
Be with our Heavenly Father and forever know we will miss your smiling face and your loving soul❤️
